Mr. P. Zaccari  
Industrial Rubbish Removal  
25W175 West Lake Street  
Roselle, Illinois 60172

Dear Mr. Zaccari:

Re: Disposal of Asbestos Paper  
From Borg-Warner  
Bellwood, Illinois

Approval is hereby granted for the disposal of 105 cubic yards per week of the above-referenced waste at the Gary Land Development Landfill, Permit No. 45-2. Since the asbestos is bound in the paper with latex, it should pose no environmental problems. The paper should be dumped with the other refuse and covered with earth at the end of the day it is deposited.

If there are any questions, please contact Mr. George Dayhuff of our Solid Waste Management Section at AC 317/633-6400.

Very truly yours,

Roland P. Dove, Director  
Division of Sanitary Engineering
